

# How will the Michigan opioid laws impact your care?

## BEFORE YOU RECEIVE AN OPIOID PRESCRIPTION, YOUR DOCTOR...

Will educate you about the risks of opioid use

Will have you sign a form stating you received the education

Will only write a **maximum 7-day prescription** for acute pain

Will run and review a MAPS\* report of your medication history

\*MAPS, Michigan Automated Prescription System, is a tool that tracks past and current prescriptions written for you.
