

Naloxone Distribution

OPEN
Evidence. Resources. Engagement.

IMPACT REPORT 2023

OPEN is working to reduce opioid-related deaths by expanding access to barrier-free naloxone, a life-saving medication that reverses the effects of an opioid overdose. We support hospital-based programs, community distribution, and tailored naloxone administration training, education and resources.

EVIDENCE

 Providing naloxone to at-risk patients does **NOT** increase opioid use or overdose

In patients treated for non-fatal opioid overdose **20%** died within **ONE month** AND **NEARLY 5%** died within **TWO days**

ONLY 1.1% of patients who had an opioid-related ED visit filled a naloxone prescription

RESOURCES

ON DEMAND  naloxone trainings for first responders and lay-persons

TAILORED 1:1 train-the-trainer naloxone education for healthcare providers and communities

20+  **COUNTY SPECIFIC** naloxone access cards

ENGAGEMENT

OVER 300+ naloxone resource downloads

THOUSANDS  of community members trained in overdose awareness & naloxone use

DISTRIBUTED 6000+ naloxone rescue kits to at-risk patients
